

# SHINE A GREEN LIGHT FOR SAFETY

## National Injury Prevention Day November 18

The Lee County Trauma District and Golisano Children's Hospital are helping to promote **National Injury Prevention Day**. Injuries and violence are the **leading cause of death and disabilities for people from age 1 to 44**.

Together, our partners are pushing for change. We are asking all businesses and government agencies to shine green lights on their buildings, monuments, and thoroughfares once the sun sets.
