Humidifiers

Humidifiers

Safety 1st Cool Mist Humidifier IH446BLU1

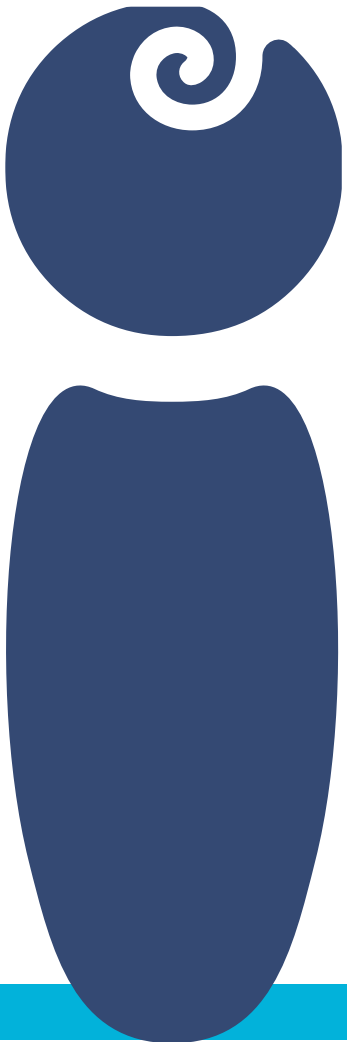

When baby's nose is congested and sensitive skin is extra dry, you can keep your baby comfortable with the Filter Free Cool Mist Humidifier. It works by raising the room's humidity level with a cool and gentle mist to help ease cold symptoms, dry skin and itchy eyes.

The large tank provides your nursery with up to 36 hours of soothing mist and it features variable mist output control for the moisture level that's right for your little one. When the humidifier runs dry, the top handle makes it easy to pick up for a quick rinse or refill. Designed for ultimate convenience, the humidifier operates quietly and without the hassle of changing filters.

- Easy-to-carry handle for moving from room to room
- Flat top rests under the faucet for easy filling
- Rotating mist cap for wide nursery coverage
- Easy to clean, filter-free tank
- Adjustable knob for variable mist control
- Auto shut off when empty

Caution: Do not use with essential oils. Doing so will cause damage to the humidifier tank.

Humidifiers

Safety 1st Stay Clean Humidifier IH4970612

It can be challenging to keep up with all the cleaning and sanitizing you need to do around the house. But with the Safety 1st Stay Clean Humidifier, we've made things a bit easier for you. Our self cleaning humidifier stays clean, requiring less work from you, with a little help from Vyv's antimicrobial LED technology that kills* 99.9% of viruses & bacteria and prevents mold growth*.

The Vyv Story

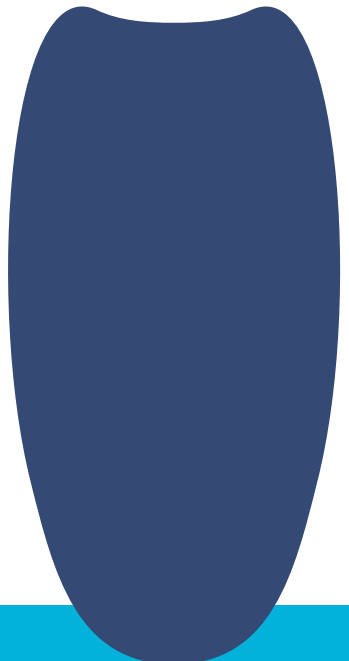

Vyv is a health technology company delivering a new class of antimicrobial light that reduces the impact of microbes in homes, public places and industries. Unlike harmful chemicals or dangerous ultraviolet (UV) light, Vyv's finely tuned, patented light continuously kills microbes and creates an inhospitable environment to inhibit their growth on surfaces. Leaving your humidifier plugged in, with the Vyv LED lights on, gives you the peace of mind that your humidifier is staying clean.

*+99.9% of MRSA and E coli bacterial concentrations killed within 24hrs; growth of mold (Aspergillus) prevented (in laboratory controlled studies with prolonged use). Testing on a non-enveloped virus (MS2 bacteriophage) showed a 99.985% reduction in controlled laboratory testing in 6 hours on hard surfaces. MRSA and E. coli showed 90%+ reduction in controlled laboratory testing in 24 hours on hard surfaces. Results may vary depending on the amount of light that is reaching the surfaces in the space where the product is installed and the length of time of exposure. Use of Vyv antimicrobial light is not intended to replace manual cleaning ** Sanitization will only function when unit is plugged in and LED lights are on 24/7. It is normal for all but 1 LED light to turn off when the tank is removed. Use distilled water for optimal performance. *** A study by Environmental Health and Engineering (Environmental Health 2010, 9:55) shows that keeping indoor air at an RH level of 40%-60% can reduce the survival of flu viruses on surfaces and in the air compared to lower RH levels.

- Kills +99.9% of MRSA and E. Coli Bacteria & prevents Aspergillus mold growth in the unit and helps prevent mold growth in the unit so your humidifier requires less cleaning*
- 24/7 Sanitization in the unit using advanced LED technology**
- Filter free design
- No dangerous UV light
- LED lights stay on so the humidifier stays clean
- Quiet operation and auto shut off
- Easy to fill and clean
- 1-gallon capacity

Humidifiers

Safety 1st Humid Control Humidifier IH5960604

Whether it's cold and flu season or any time of the year, it's best to maintain a humidity level of 30-50% in your little one's nursery. The Humid Control Filter Free Humidifier helps you do just that with its easy-to-program hygrometer that detects and regulates the humidity. Just set your desired humidity level to maintain your ideal conditions.

The humidifier is equipped with 360-degree adjustable mist control, so you can position it in any direction that works best. It also has a compact design that allows you to place it just about anywhere you need it.

For those times when the water in the humidifier gets too low, there's a built-in feature that automatically turns it off.

It comes with a multi-colored night light that has a variety of color options to beautifully match your nursery. Plus, you can fill the room with a soothing aroma with the diffuser by using the included 100% natural oil blend scent pad.

- Detects temperature and humidity levels
- Easy-to-program hygrometer auto-regulates desired humidity level
- Nightlight with multiple color options available
- Night mode turns off all lights including LCD display
- Compact design is easy to fill when water is low
- 360-degree adjustable mist control
- Run time up to 24 hours
- Quiet operation

Humidifiers

Safety 1st Fresh Clean Air Purifier IH5710604

Create cleaner and fresher air in your nursery both day and night. The Fresh Clean Air Purifier includes a True HEPA filter which removes 99.97% of airborne particles*, so there is less dust, pollen and pet dander in the air. It also has a soft glow night light and soothing white noise machine, making it a convenient 3-in-1 addition to the nursery. With the press of a button, turn on the white noise machine and gently lull your baby to sleep. Choose from 5 different volume levels (depending on the loudness of your neighbor's lawnmower). If your little one is still having trouble drifting off to dreamland, you can create a soothing ambiance with the soft glow night light, featuring 3 different brightness levels.

With a little help from the Fresh Clean Air Purifier, you can take comfort in knowing that that your little one is breathing cleaner, fresher air in your home.

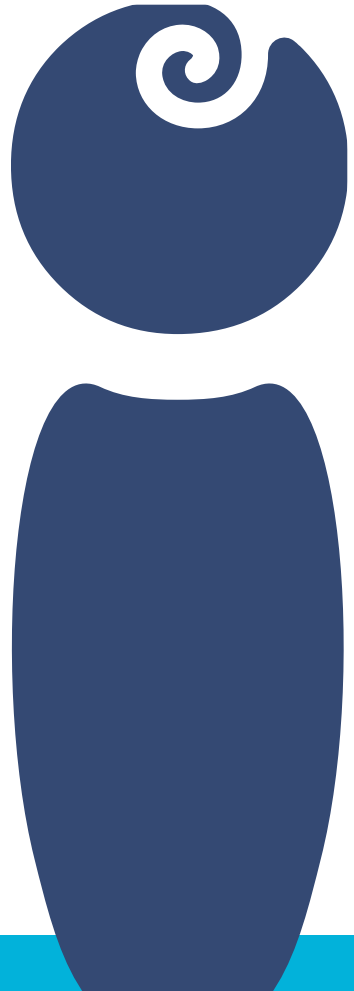

*Filter removes 99.97% of airborne particles sized 0.3 microns and above.

- 3 fan speeds
- White noise sound machine with 5 different volumes
- Soft glow night light with 3 brightness levels
- 1 filter included

Thermometers

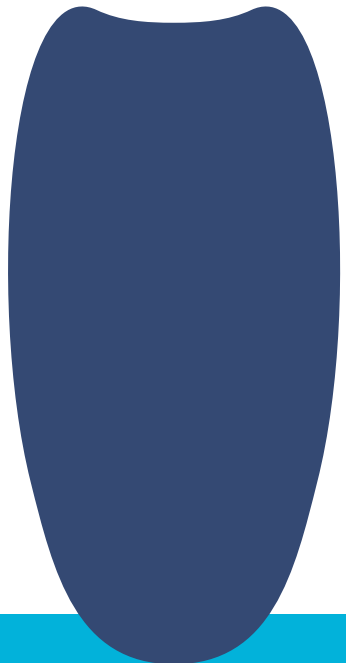

Thermometers

Safety 1st 3-in-1 Thermometer TH075

The Safety 1st 3-in-1 Nursery Thermometer lets you choose the best way to check temperature when your child isn't feeling well. It can be used orally, rectally, or under the arm and beeps when the reading is complete. The flexible tip is more comfortable for baby during a rectal reading and features an over-insertion gauge that gives parents added confidence while checking for fevers, so that they can focus on helping baby feel better. The 3-in-1 Nursery Thermometer includes both a protective storage case and a long life battery.

- Accurate reading in 30 seconds (°F/C)
- 3 modes of use: oral, rectal, or underarm
- Beeps when reading is complete
- Flexible tip for comfort
- Over-insertion gauge for rectal use
- Recalls last reading
- Protective storage case
- °F/°C Switchable

Thermometers

Safety 1st Rapid Read 3-in-1 Thermometer TH097

The Safety 1st Rapid Read 3-in-1 Thermometer lets you choose the best way to check temperature when your child isn't feeling well. It can be used orally, rectally, or under the arm and beeps when the reading is complete. Temperature reading time is only 8 seconds! The flexible tip is more comfortable for baby during a rectal reading and features an over-insertion gauge that gives parents added confidence while checking for fevers, so that they can focus on helping baby feel better. The Rapid Read 3-in-1 Thermometer includes both a protective storage case and a long life battery.

- Accurate reading in 8 seconds
- 3 modes of use: as an oral, underarm, or rectal thermometer
- Beeps when reading is complete
- Flexible tip for comfort

Thermometers

Safety 1st Simple Scan Forehead Thermometer TH106

Caring for a sick child is stressful, but getting an accurate temperature read shouldn't be. The Safety 1st Simple Scan Forehead Thermometer makes it easier than ever. Simply position the thermometer one inch from the center of the forehead and press the measure button. In just one second, you'll hear the beep that lets you know the reading is complete. A fever alert icon quickly tells you if baby's temperature is normal or high. Put it in night mode to easily check baby's temperature without waking them up. The thermometer also comes in handy for measuring the temperature of baby's food and water.

- 1 second read time
- Multiple modes - also measures food and bath water temperature
- Touch free scanning
- Fever alert icon and light indicate elevated temperature
- Sensor auto-detects temperature within range
- Auto shut off
- Night mode for silent scanning
- Includes 2 AAA batteries

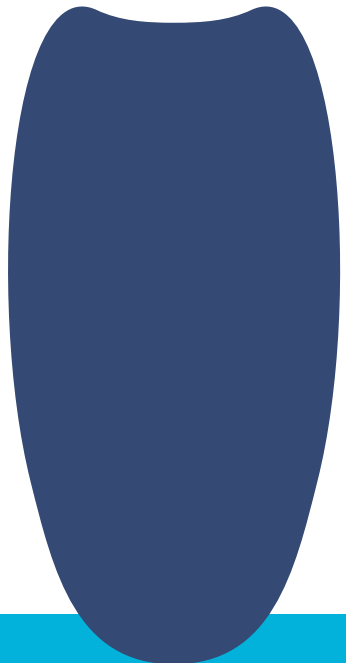

Thermometers

Healthcare & Grooming

Safety 1st Baby's 1st Brush & Comb 49035

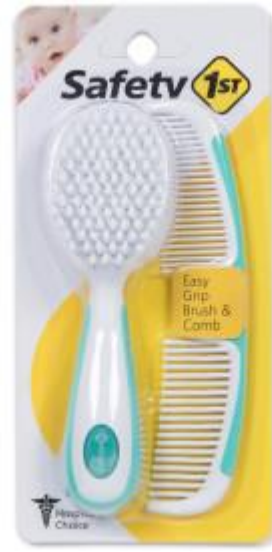

Our hairbrush's soft bristles are extra gentle on your baby's sensitive scalp while our comb's fine-toothed design lets you comb your child's hair with ease.

- Soft brush bristles
- Fine-toothed comb
- Looped, easy-grip handle

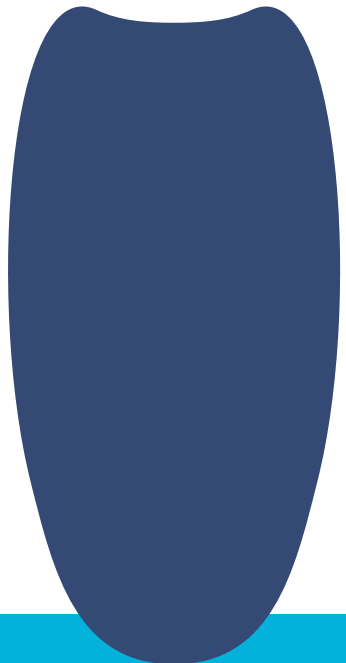

Healthcare & Grooming

Safety 1st Easy Grip Brush & Comb 49043

The Easy Grip Brush & Comb by Safety 1st are perfect for baby and toddler alike. The hairbrush has soft bristles that are extra gentle on your baby's sensitive scalp, and the comb's dual density teeth let you adjust for the thickness and dampness of your baby's hair. As your baby grows into a curious toddler, you can help teach them with this set. Chunky, easy-to-hold handles are designed to be comfortable for both you and your toddler to grip while brushing.

- Comb has two sets of teeth for detangling hair that is thin, thick, wet, or dry
- The brush is made with extra-soft bristles
- Soft-grip handles are easy for parent or toddler to hold

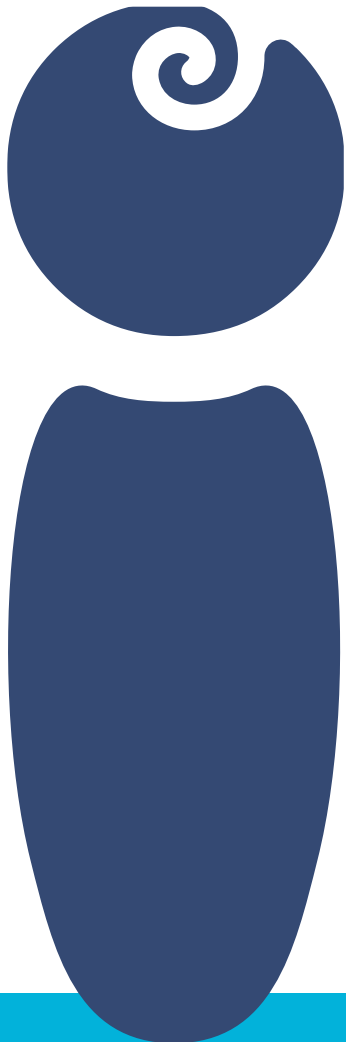

Healthcare & Grooming

Safety 1st Easy Fill Medicine Syringe 49527

Helping your baby feel better when they're sick is easier with the right tools. The Easy Fill Medicine Syringe features a soft touch grip that provides you with more comfort and confidence when dispensing medicine. The syringe is also designed to be roll proof, so it won't fall off the table if you need to put it down quickly. Safety 1st believes parenting should have fewer worries and more joyful moments. As the first and only leader in child safety, Safety 1st is here to give you peace of mind so you can spend less time worrying and more time enjoying every first you experience with your child.

- Roll-proof for tabletop convenience
- Soft touch grip for comfortable dispensing
- Easy-to-read measurement indicator lines

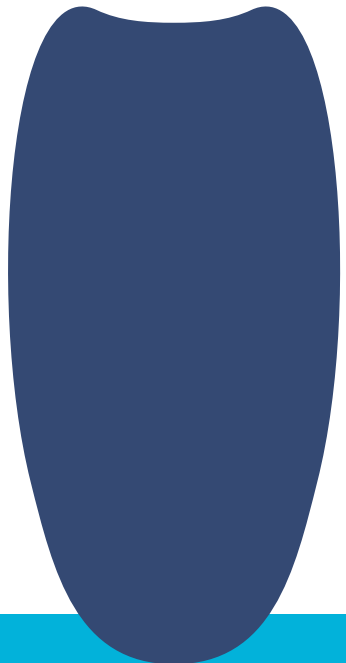

Healthcare & Grooming

Safety 1st 10 Pack Emery Boards 49817

Keeping babies nails neat and smooth is important so they won't scratch themselves. Our emery boards are especially designed for baby's little nails. Boards include a convenient vinyl travel case.

- Gently smooth baby's nails to help avoid accidental scratching
- Bonus travel case

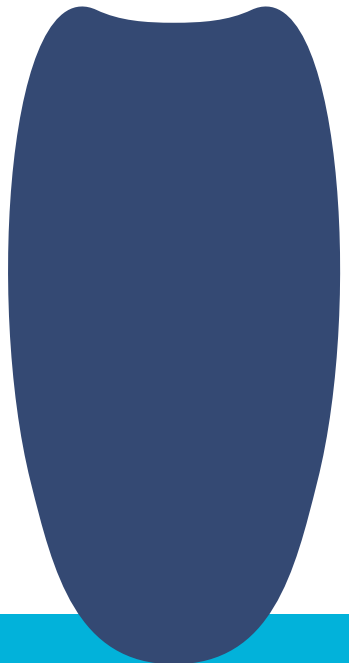

Healthcare & Grooming

Safety 1st Fold Up Nail Clippers 2PK IH158

This two pack of Safety 1st Fold-Up Nail Clippers are specially designed with curved cutting edges to trim nails closely. The sure grip extension ensures a firm grip, helping to eliminate trimming mishaps. With a set of two, you can keep one in the nursery and one in the diaper bag.

- Includes 2 Nail Clippers: One for the nursery and one for the diaper bag
- Curved clipping edges are sized just right for baby's fingernails
- Easy-grip handle for a confident grip when clipping

The fold-up child nail clippers are sized just right for smaller nails. The nasal aspirator helps clear congestion and features a small, flexible tip making it comfortable for your baby. These are four basics no nursery or diaper bag should be without.

- 4 Essentials for bringing baby home
- Baby's 1st brush & comb
- Fold-up nail clippers
- Nasal aspirator

Healthcare & Grooming

Safety 1st Cradle Cape Brush & Comb IH332

The Safety 1st Cradle Cap Brush & Comb features a 2-in-1 design to help you gently remove flaking skin from your baby's scalp. Cradle cap, which is also known as Seborrheic dermatitis, occurs on the scalp and is a common condition that affects infants. Parents naturally worry when they see the flaking skin that is the major symptom of cradle cap, but in most cases the condition is not serious or long-lasting. Using this 2-in-1 Cradle Cap Brush & Comb as directed will help you to gently loosen and remove the flakes from your baby's scalp to alleviate the symptoms.

- 2-in-1 design for thorough cradle cap care
- Slides easily onto adult's hand, helping to keep the brush steady
- Soft, rubber brush bristles help to loosen flakes
- Fine-toothed comb gently loosens tough flakes and removes them

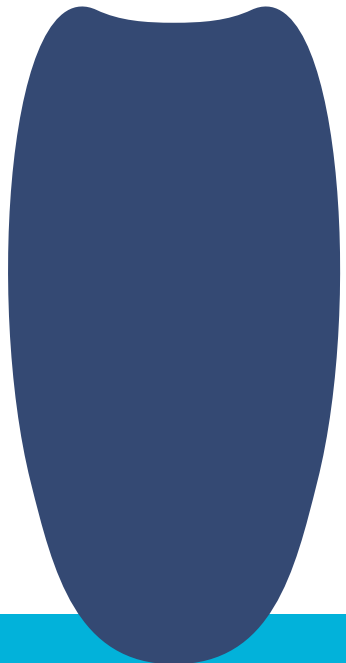

Healthcare & Grooming

Safety 1st Soothing Scrub Brush IH334

This cradle cap brush will help you gently remove flaking skin from your baby's scalp. Cradle cap, which is also known as Seborrheic dermatitis, occurs on the scalp and is a common condition that affects infants. Parents naturally worry when they see the flaking skin of cradle cap, but in most cases the condition is not serious or long-lasting. Using this soothing cradle cap brush as directed will help you to gently loosen and remove the flakes from your baby's scalp to alleviate the symptoms and keep your baby comfortable. The soft bristles are also great for everyday baths, letting you give your baby's head a soothing scrub during bath time.

- Great for cradle cap and everyday baths
- Soothing soft bristles
- Contours to hand for a comfortable and secure fit
- Top rack dishwasher safe

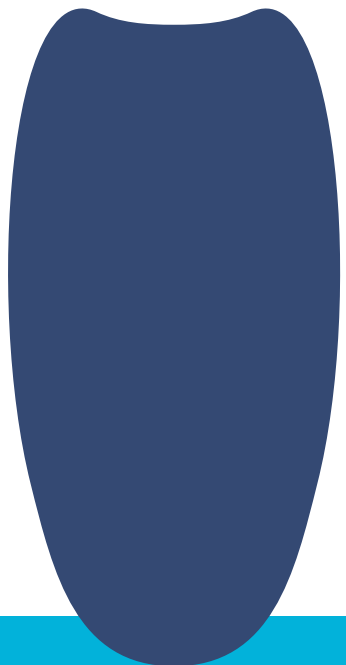

Healthcare & Grooming

Safety 1st Nasal Aspirator IH445

When your baby gets a runny nose, this nasal aspirator from Safety 1st will gently remove excess mucus with gentle suction that clears breathing passages. Just a couple squeezes of the bulb and you can suction out the snot out of your little one's nose. The soft, flexible tip is comfortable for your baby so that you can quickly help them breathe easier.

- Gentle suction clears baby's breathing passages
- Soft, flexible tip is comfortable for your baby
- Top rack dishwasher safe
- New & improved design for better suction

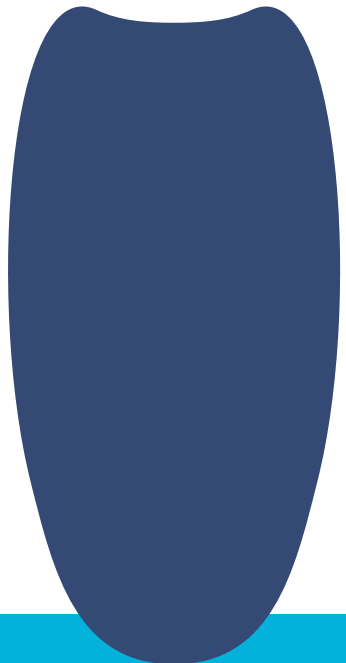

Healthcare & Grooming

Safety 1st Newborn Nasal Aspirator IH462

New and Improved-just like hospital version! Specially designed for smaller babies, this nasal aspirator features a soft, flexible tip that is comfortable for your baby. You can gently remove excess mucus and help your baby to breathe freely.

- Specially designed for smaller babies
- Gentle suction clears baby's breathing passages
- Soft, flexible tip is comfortable for baby

Healthcare & Grooming

Safety 1st Light Zoom Nail Clippers IH467

With the Light Zoom Nail Clipper, trimming your baby's nails is no longer a wrestling match. It's designed to snip nails while your baby is fast asleep, so you can trim away without any wiggling. The magnifying glass provides an up-close look and the LED light illuminates, so you can see in the dark. It also includes a mini emery board that's curvy and easy to use on jagged little nails. Finally, you can trim without the fuss. How's that for a dream come true?

- Magnifying glass zoom in for precise trimming
- Mini emery board that's curvy and easy to use on tiny nails
- Built in LED light illuminates in low lighting
- Easy grip design

Healthcare & Grooming

Safety 1st BoogEase Nasal Aspirator IH527

Is baby's nose congested? Snot anymore! Now you can suck mucus out, gently and hygienically with the BoogEase nasal aspirator. It's safe, easy to use, and best of all, there aren't any yucky filters, so you never have to clean them or buy replacements. And for those moments when you're wondering if you set any boogies free, the see-through container lets you know that it's working.

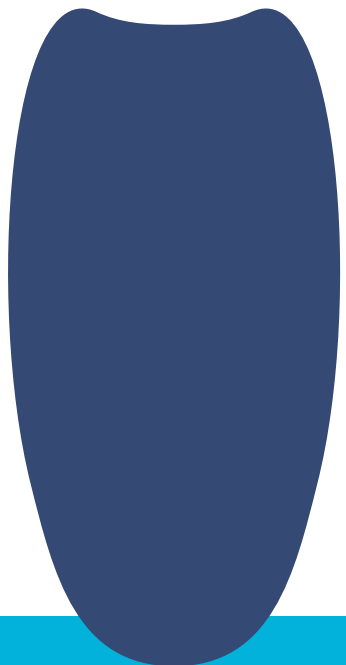

Instead of going through a filter, the mucus is directed straight to the reservoir. Then you can easily take apart the aspirator to rinse and scrub with the included brush.

The soft, gentle nose tips come in two different sizes, so you can continue to use the BoogEase Nasal Aspirator as your baby grows.

With the convenient storage case, you can tuck it away in your bathroom cabinet or take it with you wherever you go.

The BoogEase Nasal Aspirator is just what you need to clear those cute little noses.

- No filters needed
- Soft nose tips come in 2 sizes
- Easy to take apart and clean with included brush
- Storage case to take on the go
- Ergonomic design fits comfortably in hand
- See-through container lets you know that it's working

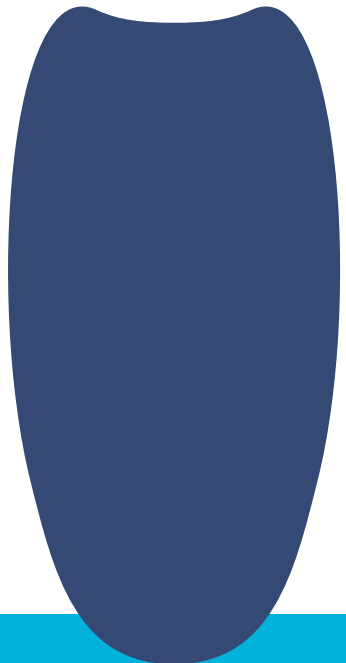

Healthcare & Grooming

Safety 1st Light Up Tongue Depressor IH576

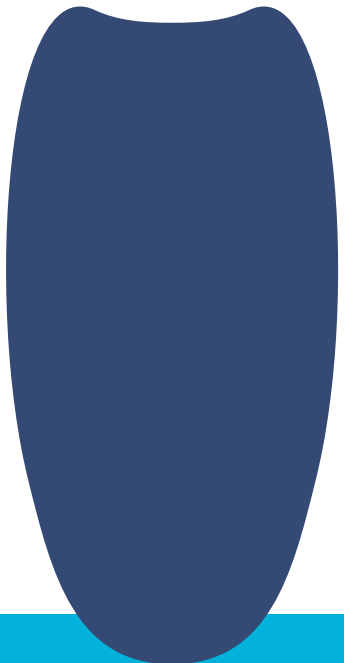

When your little one isn't feeling well, the Safety 1st Light Up Tongue Depressor helps you shine light on what may be causing their mouth or throat discomfort. This ahh-mazing tool works on its own, or easily attaches to your smartphone, so you can better capture images to share with your pediatrician. The attachments are reusable to help reduce single-use waste.

Healthcare & Grooming

Safety 1st Sick Day Survival Kit IH509

When your baby gets sick – don't panic! The Safety 1st Sick Day Survival Kit includes everything you need to get through the sickness. Whether you're giving medicine, taking a temp or setting boogies free – it's all right here. Is baby's nose congested? Snot anymore. Now you can suck boogies out, gently and hygienically, with the BoogEase nasal aspirator. The mucus is directed straight to the reservoir and when it's time to clean, you can easily take it apart to rinse and scrub. The BoogEase is also filter free, so there's nothing to ever replace, and it's easy to clean.

With the Fuss Free Medicine Spoon your child will be running toward you instead of away from you when it's medicine time. Its unique design combines yucky medicine with their favorite food. Just fill the syringe, add a scoop of food, and feed to your little one. Yum and done.

Also included there's a thermometer and natural wipes for congested noses. Plus, you'll never miss a dose with the handy medicine tracker. And to top it all off the mesh storage bag keeps everything in one convenient place.

- BoogEase nasal aspirator with 2 nose tip sizes
- Medicine tracker
- Fuss free medicine spoon with syringe
- Cleaning brush for use with BoogEase and Fuss Free Medicine Spoon
- 3-in-1 Digital Thermometer

Baby Carriers

Baby Carriers

Evenflo Soft Infant Carrier 08411437

Whether a quick dash to the store or a casual hike, the Evenflo® Infant Carrier gives you the freedom to conquer your day hands-free while still bonding with baby. For use with babies 7 to 26 lb., the Infant Carrier offers two carrying options to position your child facing inward for close, personal interactions; or outward to see the world when your baby can hold her head and neck unassisted. The Infant Carrier features a little extra padding in the places that count, like in the shoulder pads for parents and in the head support to cradle baby's precious head.

This soft baby carrier is simple and safe to use with the convenient, single side-entry, and the patented adjustable back strap design. The crisscross straps on the back distribute your child's weight evenly across your back and shoulders for comfortable wearing. And you'll love how easy it is to clean with machine-washable fabric.

- VERSATILE:** Two carrying positions for babies 7–26 lb. to face inward for some bonding time, or outward to see the world
- SECURE FIT:** Adjustable, padded head rest to cradle baby's head; and easy side-entry with buckles that click so you know it's fastened
- COMFORTABLE:** Padded, adjustable shoulder straps featuring Evenflo's patented cross strapping design offer the comfort and support needed for long-term wearing
- DROOL CATCHER:** Keep your carrier like new with the removable bib
- EASY-TO-CLEAN:** Fabric is soft, durable, and machine washable

Infant Feeding

Philips Avent Manual Breast Pump SCF430/03

- Quick milk flow: Natural Motion technology with a soft silicone shield, modelled on the unique suction motion of babies, stimulates the breast for fast milk flow.
- Relax and sit down comfortably while pumping: design allows you to sit upright instead of leaning forward.
- Adapts to fit both size and shape of the breast: cushion is made of soft silicone
- Easy to hold and carry: compact lightweight design for on the go pumping
- Quick and easy assembly and cleaning: only a few parts included

Infant Feeding

Philips Avent Single Electric Breast Pump SCF391/62

- Fast and incredibly gentle
- Inspired by baby's unique combination of suckling and massage, Natural Motion technology powerfully combines suction and nipple stimulation for quick milk flow.
- Soft silicone flange shield adapts to fit both size and shape of the breast
- Personalize by choosing from 8 stimulation and 16 expression levels
- Compact design is easy to hold and carry with you wherever you want or need to pump

Infant Feeding

Philips Avent Double Electric Breast Pump SCF394/62

- Inspired by baby's unique combination of suckling and massage, Natural Motion technology powerfully combines suction and nipple stimulation for quick milk flow. Soft silicone flange shield adapts to fit both size and shape of the breast
- Includes a pumping belt to hold the pump, rechargeable battery, and travel bag so you can now pump wherever life takes you
- Freedom to move around with a rechargeable battery, no need to always be attached to a wall outlet
- Personalize by choosing from 8 stimulation and 16 expression levels. For ease of use, the pump remembers your settings for your next expression session.
- Few parts for easy set up, use, and cleaning Closed system for hygienic expression, no milk in the tubing

Infant Feeding

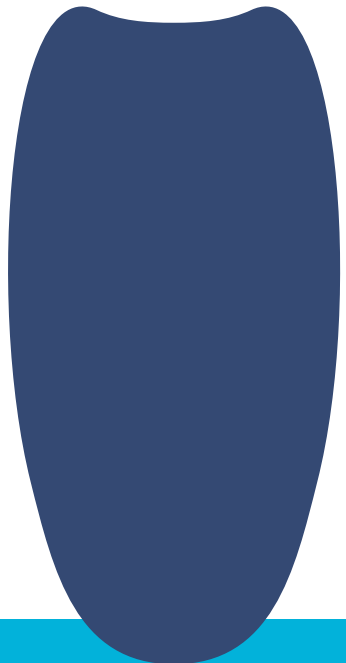

Philips Avent Natural Bottle 4OZ SCY900/91

- Natural Bottle with Natural Response nipple Baby controls the pace, just like breastfeeding.
- Designed with a unique opening and tip which only releases milk when baby actively drinks. When pausing to swallow and breathe no milk flows, just like at the breast.
- Easy to combine breast and bottle feeding with a wide breast-shaped nipple with a soft feel that mimics the shape and feel of a breast and baby controlling the flow of milk.
- No-drip nipple design helps prevent lost milk from the tip, giving you peace of mind
- Anti-colic valve is designed to reduce colic and discomfort by sending air away from your baby's tummy

Infant Feeding

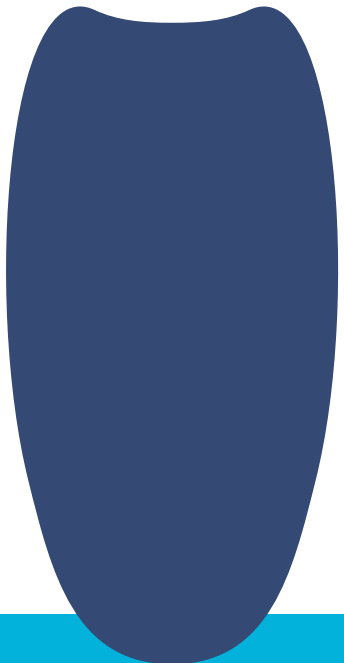

Philips Avent Natural Bottle 9OZ SCY903/01

- Natural Bottle with Natural Response nipple Baby controls the pace, just like breastfeeding.
- Designed with a unique opening and tip which only releases milk when baby actively drinks. When pausing to swallow and breathe no milk flows, just like at the breast.
- Easy to combine breast and bottle feeding with a wide breast-shaped nipple with a soft feel that mimics the shape and feel of a breast and baby controlling the flow of milk.
- No-drip nipple design helps prevent lost milk from the tip, giving you peace of mind
- Anti-colic valve is designed to reduce colic and discomfort by sending air away from your baby's tummy

Infant Feeding

**Philips Avent Natural
Response Nipple Flow 1
SCY961/02-SCY965/02**

- Natural Response nipple, Flow 1-5
- Baby controls the pace of milk, just like breastfeeding
- Designed with a unique opening and tip which only releases milk when baby actively drinks. When pausing to swallow and breathe no milk flows, just like at the breast.
- No-drip nipple design helps prevent lost milk from the tip, giving you peace of mind
- Anti-colic valve is designed to reduce colic and discomfort by sending air away from your baby's tummy

Infant Feeding
